## RESEARCH INTEREST

Natural Language Processing  
Compositional Distributional Semantics  
Multimodal meaning representations

## EDUCATION AND TRAINING

11//2012-now

### PhD

Doctoral School in Neuron and Brain Science, University of Trento

Supervisor: Prof. Dr. Marco Baroni

- Field: Natural Language Processing, Computational Linguistics, Compositional Distributional Semantics

5/2011

### Msc

European Master Program in Language and Communication Technology

Free University of Bolzano, Italy and Saarland University, Germany

- Major: Computer Science, Computational Linguistics
- Grade: 109/110

*Received Erasmus Mundus scholarship for non-European students*

3/2008

### Bse

Faculty of Computer Science and Engineering, Ho Chi Minh City University of Technology

- Major: Computer Science
- Grade: 8.37/10

*Honor program, rank 7/300*

6/2006

### High school

High school for the gifted, Vietnam National University - Ho Chi Minh City

- Major: Mathematics

## WORK EXPERIENCE

5/2012-11/2012

### Research assistant (full-time)

University of Trento

- Task: Building [DISSECT toolkit](#), a toolkit for compositional distributional semantics, which can be used to build semantic spaces from co-occurrence matrices, perform compositional operations on these semantic spaces and rely on them to measure semantic similarity between words or phrases.
- Skills required: Python

12/2009-9/2010

### Research assistant (student job, part-time)

German Research Center for Artificial Intelligence (DFKI)

- Task: Maintaining Heart of Gold, a middle ware architecture, which integrates multiple language processing components. These components process natural language texts on different levels from shallow to deep, e.g. tokenization, chunking, shallow parsing and deep parsing.
- Skills required: Java, Python, shell-script

## PUBLICATIONS

## OTHER ACTIVITIES

### Reviewing

- STARSEM 2015, NAACL 2015 Student Research Workshop (secondary reviewer), ESSLLI Student Session 2015, EMNLP 2015

## PERSONAL SKILLS

### Languages

- Vietnamese (mother language), English (proficient), German (basic), Italian (basic)

### Programming Languages

- Java, Python, C++, Matlab

### Operating Systems

- Linux, Windows

## ADDITIONAL INFORMATION

### Honours and awards

- 2008, Erasmus Mundus scholarship for non-European students
- 1996, third prize in national Mathematics competition, Vietnam
